Constitutional Amendment			
Explanatory statement. This amendment would clarify that only a person who is a citizen of the United States is eligible to vote in this state.			
"A vote for this proposition would clarify that only a person who is a citizen of the United States is eligible to vote in this state.			
"A vote against this proposition would make no change to the constitution of the state of Kansas, and the language concerning voter qualifications would remain the same."			
Shall the following be adopted?			
"§ 1. Qualifications of electors.			
Every(a) No person shall be deemed a qualified elector unless such person:			
(1) Is a citizen of the United States-who;			
(2) has attained the age of eighteen years; and who			
(3) except as provided in subsection (b) or (c), resides in the voting area in which-he-or-she such person seeks to vote-shall-be-deemed-a-qualified-elector.			
(b) Laws of this state relating to voting for presidential electors and candidates for the office of president and vice-president of the United States shall comply with the laws of the United States relating thereto. A citizen of the United States, who is otherwise qualified to vote in Kansas for presidential electors and candidates for the offices of president and vice-president of the United States may vote for such officers either in person or by absentee ballot notwithstanding the fact that such person may have become a nonresident of this state if-his-or-her such person's removal from this state occurs during a period in accordance with federal law next preceding such election.			
(c) A person who is otherwise a qualified elector may vote in the voting area of-his-or-her such person's former residence either in person or by absentee ballot notwithstanding the fact that such person may have become a nonresident of such voting area during a period prescribed by law next preceding the election at which-he-or-she such person seeks to vote, if-his such person's new residence is in another voting area in the state of Kansas."
